

# AUSTRALIA'S LEADING SUPPLIER OF RAIL PRODUCTS

Since 1932 – Mackay is proudly Australian owned - Australian made.

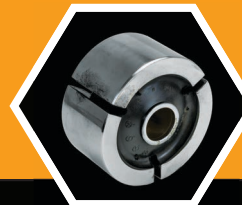

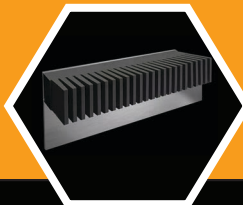

Head office and manufacturing facility is in Dandenong South, Victoria.

Our production facility is 11,650 sqm with a rubber compound mixing plant allowing high production rates to meet the delivery demands of clients.

Mackay's research and development facility uses state of the art software for Finite Element Analysis, 3D modelling, dynamic testing, and polymer material development to produce world class engineered solutions.

Mackay is the largest supplier of rolling stock suspension components and platform gap fillers in Australia. With over 80 years of experience in design, manufacture, and supply of the highest quality rubber products, specialising in OEM & OEM replacement components for freight, passenger, and light rail applications:

- Primary and Secondary suspension
- Engine & transmission components
- Bogie components
- Platform gap fillers
