Blackwoods

EVERYDAY WE ARE HELPING MORE PEOPLE BUILD A BETTER AUSTRALIA.

Founded in 1978, Blackwoods began as a specialist supplier to the shipping industry. We have grown to become one of our nation's leading and most trusted suppliers of industrial MRO and safety products, including to the Australian Defence Force.

Blackwoods can support businesses with new Australian Industry Capability targets, be part of Australia's largest companies, the Blueprints Group. Blackwoods provides end-to-end MRO and industrial safety solutions for mining, construction, manufacturing, and of course defence.

Our footprint consists of more than 65 branches and six distribution centres across Australia, spanning cities and rural, regional, and remote locations. This network spans almost 2,000 Australians, 2% of which identify as Aboriginal or Torres Strait Islander. Over 95% of the products Blackwoods sells are sourced from Australian businesses, with over 23% being manufactured in Australia.

Blackwoods supplies over 900,000 products across a broad range as well as offers inventory management, shutdown solutions and technical support, both onsite and offsite.
